Dear Dr. Riesz,  
Thank you for your letter and congratulations for the Congress. It was really a pleasure for me to participate.  
I was surprised by the progress of Hungary in Ayurveda! You are just terrific! Teaching Ayurveda in the Medical University, having a hospital with 20 beds for Panchakarma, officially recognized Ayurvedic medicine, public and professional organizations, collaboration with Indian Universities....  
I can only congratulate you sincerely.  
I hope to collaborate with you in the future. I shall be happy to participate in eventual course on Panchakarma at your Clinic if you plan such an activity.  
I am starting a basic course in Ayurveda in the end of the month here in Sofia. There are 8 students by now.

With my best regards  
Dr. Antoaneta Zarkova
